SAFETY INFORMATION

EMERGENCY PROCEDURES

For your safety and protection, the Wyndham Grand Jupiter is equipped with the latest in fire detection and communications systems. Please take a moment to review the following pages regarding fire safety. Please contact the Front Desk Staff with any questions.

WHAT IF ... YOU'VE JUST ARRIVED?

Learn Where the Exits Are...before you enter the guestroom, look to the right and left of the door and locate at least two exits.

Walk To Each Exit...to help you remember their locations, walk to each Exit from your guestroom.

Count Doors On The Way...choose a wall and, as you walk to each exit, count the doors along that wall between the exit and your guestroom. This helps you remember the distance and location of exits – and may also help in case you have to find an exit when it's dark or smoky.

Fire Alarms And Extinguishers...locate and walk to the fire alarm and fire extinguisher on your floor.

Find The "Off-Switch" On Your Air Conditioner...in your guestroom, learn how to turn off your air conditioning system. This way, in case of a fire, you can prevent smoke from being drawn into your guestroom.

If you have just arrived, remember....

- Know your exits.
- Find your extinguishers.
- Understand your air conditioning unit.

*Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness especially if you have certain medical conditions

 Items marked with this symbol are prepared gluten free.
Please inform your server of any health or dietary restrictions so we may do our best to accommodate your needs
\$3.00 delivery fee, sales tax and 22% service charge will be added to your order.

SAFETY INFORMATION

WHAT IF ... YOU FIND A FIRE ?

Close doors against The Fire...if possible; close the doors around the fire area to keep the fire from spreading.

Phone Management For Help...immediately telephone the Hotel Operator (Touch "0") to report the fire. If you cannot reach them, call the local Fire Department. Touch 911.

Fight Only Tiny Fires...use a fire extinguisher if it is a small fire.

Always Take Your Room Key....before trying to exit the building. If possible, loop the key to your wrist with a rubber band.

Stay calm...don't hurry. Think. Danger is almost always less than you imagine it to be.

If you find a fire, remember....

- Keep calm.
- Pull the alarm.
- Close doors against the fire
- Phone for help.
- Take your key before exiting.

*Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness especially if you have certain medical conditions

Items marked with this symbol are prepared gluten free.
Please inform your server of any health or dietary restrictions so we may do our best to accommodate your needs
\$3.00 delivery fee, sales tax and 22% service charge will be added to your order.

SAFETY INFORMATION

WHAT IF ... YOU HEAR AN ALARM FROM YOUR ROOM?

Take your room key.

Test doors for heat before you open them...With the back of your hand, test the door to the hallway to see if it is hot or cool.

Inch the door open if it's cool...If the door to the hall is cool, open it carefully, looking for smoke. Slam it shut fast if there is thick smoke outside and stay in your guestroom.

Exit if there's no smoke outside...If the hallway contains little or no smoke, head for the nearest exit.

Hug walls while exiting...While moving to the nearest exit, keep close to the walls. If it's dark or smoky, count the number of doors to the exit and feel along the walls as you go.

Exit with caution...Test the exit door for heat before opening it and again, watch out for thick smoke in the stairwell. If the stairwell is safe, exit down to the street.

Avoid elevators...In case of fire, never use elevators for emergency exits.

Stay calm...Don't hurry and think. Your danger is almost always less than you imagine it to be.

If you hear an alarm, remember....

- Remain calm.
- Listen for announcements.
- Take your key.
- Test doors for heat before opening.
- If hall is smoke-free, exit.
- If the stairwell is safe, exit to the street.

WHAT IF ... YOUR EXIT IS BLOCKED?

Go back to your room...Should the stairwell start filling with thick smoke and your exit turns out to be unsafe, if possible, return to your guestroom – it's the safest place for you.

*Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness especially if you have certain medical conditions

Items marked with this symbol are prepared gluten free.
Please inform your server of any health or dietary restrictions so we may do our best to accommodate your needs
\$3.00 delivery fee, sales tax and 22% service charge will be added to your order.

SAFETY INFORMATION

WHAT IF ... YOU CAN'T LEAVE YOUR ROOM?

Stay there...If you can't exit, your guestroom is the safest place to be.

Shut off the air conditioner...To prevent smoke from being drawn into your guestroom, flip the switch or turn the dial to the "off" position on your air conditioning unit.

Stuff wet clothes under the door...Wet towels, sheets or blankets can keep smoke from entering through the crack under your door.

Stuff air vent with wet clothes...This will also keep smoke out.

Remove all drapes from the window...In case fire should enter the window, no fabric will be nearby.

Fill your bathtub...Keep plenty of water in the tub and have wastebaskets or ice buckets nearby for carrying water. This way, you can quickly remoisten the wet cloths that are keeping the smoke out.

Phone your location...Telephone the Hotel Operator (Touch 0) or Front Desk staff and tell them your location.

If you can't reach them, call the local Fire Department. Dial 911.

If you're stuck in your guestroom, remember....

- Remain calm.
- Stay there.
- Turn off the air conditioner.
- Stuff door cracks and vents with wet towels.
- Remove drapes from the windows.
- Have water ready to remoisten cloths.
- Phone your location.

*Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness especially if you have certain medical conditions

 Items marked with this symbol are prepared gluten free.
Please inform your server of any health or dietary restrictions so we may do our best to accommodate your needs
\$3.00 delivery fee, sales tax and 22% service charge will be added to your order.

SAFETY INFORMATION

TRAVELER SAFETY TIPS

Don't answer the door in your guestroom without verifying who it is. If a person claims to be an employee, call the Front Desk staff and ask if someone from the staff is supposed to have access to your guestroom and for what purpose.

When returning to your hotel late in the evening, use the main entrance. Be observant and look around before entering parking areas. Your guestroom key may be needed to provide hotel access.

Close the door securely whenever you are in your guestroom and use all of the locking devices provided.

Don't unnecessarily display your guestroom key or key packet in public or carelessly leave it on a restaurant table, at the swimming pool or any other place where it could be easily stolen.

Do not draw attention to yourself by displaying large amounts of cash or expensive jewelry.

Don't invite strangers to your guestroom.

Place all valuables in an in-room safe or safe deposit box. Boxes are available through the Front Desk.

Do not leave valuables in your guestroom or in your vehicle.

Check to see that any sliding glass doors or windows and any connecting room doors are locked.

If you see any unusual activity, please contact our Guest Services staff and report your observations. Touch Wyndham Request.

*Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness especially if you have certain medical conditions

 Items marked with this symbol are prepared gluten free.
Please inform your server of any health or dietary restrictions so we may do our best to accommodate your needs
